

I. D. SUMMARY OF TRAINING

Over the past year the Environmental Services Division's Stormwater staff focused on the requirements of the NPDES permit with continued training for Environmental, Building and Safety, Development Services and General Services staff. Also reviewed were the requirements of the new NPDES General Construction Permit for stormwater discharges associated with construction and land disturbance activities that became effective on July 1, 2010. Emphasis was on continued reinforcement of the inspection requirements of the Stormwater program as it relates to construction activities. Discussion focused on the new numeric action levels and effluent limitations, risk assessment and monitoring requirements.

Reviewed the draft Stormwater Program regulations and how it would affect development. Date: 3/28/2012. Attending Staff: David Faas, Marie Centeno, Chris Mays, Mark Patti, Julia Regan, Damon Letz, John Caprarelli, and Wayne Webb.

Reviewed the draft Stormwater Program regulations and how it would affect development. Date: 4/4/2012.
